

Oh how wrong can you be?

Julia

Oh to fall in love was my very first mistake

How was I to know I was far too much in love to see?

Ooh

allen

Jealousy look at me now

Julia

Jealousy you got me somehow

You gave me no warning

Took me by surprise

Jealousy you led me on

You couldn't lose, you couldn't fail

You had suspicion on my trail

How how how all my jealousy

I wasn't man enough to let you hurt my pride

Now I'm only left with my own jealousy

Oh how strong can you be

allen

With matters of the heart?

Life is much too short

To while away with tears

If only you could see just what
you do to me

Julia

backing:

If only you could see just what
ooh jealousy

Jealousy you tripped me up

solo

Jealousy you brought me down

solo

You bring me sorrow, you cause me pain

solo

Jealousy when will you let go?

solo

Gotta hold of my possessive mind

Julia

backing:

Turned me into a jealous kind

Ooh ooh ooh

ooh ooh

How how how all my jealousy

solo

I wasn't man enough to let you hurt my pride

solo

Now I'm only left with my own jealousy

solo

backing:

But now it matters not if I should live or die

Julia

'Cause I'm only left with my own jealousy

allen

Ooh ooh jealousy
